

## **Quail Run HOA Rules Proposal**

### Mission Statement:

The overall goal for Quail Run is to have a safe attractive environment to live in. The only way to achieve this goal is to have a few rules and regulations that standardize the way the property is maintained. The proposed rules, while not all encompassing, is a good start to maintain the type of living environment that we all can be proud of. Rules and regulations are a living breathing thing, and all residents are responsible to live with in and to enforce them.
